To: implementing Consortium of the *EU Support to Flood Prevention and Forest Fires Risk Management in the Western Balkans and Turkey – IPA FF program*

Dear IPA FF Consortium,

We make reference to the exchanges on the equipment that the IPA FF programme will donate to Turkey within the programme work-package on the development of a national civil protection module of the type *Ground Forest Fires-fighting (GFFF)*.

We hereby confirm that being Turkey already equipped with personal protective equipment and equipment to conduct forest fire-fighting operations our interest is to procure only the following material:

- Fire retardant agent for the control and suppression of forest fires to be utilized also in the context of GFFF operations.

Therefore this type of materials can be procured and donated to Turkey.

We hereby commit to:

- Accept the future donation of the materials procured by the IPA FF Consortium;
- Provide support and collaboration to ensure smooth import and customs procedures and assure the timely hand-over of the materials;
- Exempt the Consortium from local VAT in relation to the materials to be imported and donated.
- Secure appropriate storage and maintenance of the materials
- Use the donated materials to ensure the capacity of the GFFF civil protection module developed under IPA FF.

In relation to the donation procedure we inform you that:
